

Outward Bound 2016

Warming up for
Jog and dip

We warmed up
for Jog and Dip.
When we got in
the water it was
cold ... brrrrrh.

Ghyll scrambling

It was a long journey to get there and was tiring.

At the end one group got to dunk their heads in the cold water.

The Trapeze

It was scary at first but we did it , Yea!

We climbed an 8m pole and jumped to grab the trapeze.

Canoeing

At first we joined 3 canoes together with a massive piece of pole and rope.

We played a game to throw a ball to hit each other's canoe.

It was great fun. You should definitely go there.
